### 7.0 Challenges *(write major challenges faced during the reporting time and your effort for mitigation)*

- During the distribution of education materials in some school, they request the support for all student of their school.
- It was difficult to transport the education material at field because of the geographical remoteness and scattered.
- Some of the child protection teacher was unable to attend the child protection training.
- It was difficult to reach at field on time because of the geographical hazards and long distance.
- During the awareness rising event on child protection and trafficking at community through local body representative/Child Club, the local representative of rural municipality and ward office are unable to attend the drama program organized by Saraswati child club of Myagang-2, Bungtang because there was public hearing program on the same day at office of Myagang rural municipality so that, instead of local representative Mr. Suraj Tamang, Sub secretary of Myagang-2, Bungtang ward office had participated the program.

### 8.0 Lessons learnt: *(Write lessons from your experience that is useful for the future)*

- It's better to participate the guardian of children during the distribution of education materials.
- It was difficult to reach at field in time because of the geographical hazards and long distance so that we should travel to field before a day for conduct and participate the program.
- Its better to consult with the government stakeholders before organize the meeting with government stakeholders for taking their time.

### 9.0 Programme management issues:

- In CPFT training most of the participants lately arrived than scheduled time.
- During the education support period on April, 2018 schoolteacher and students were involve for school enrollment campaign in their community. Therefore, KCDC had postponed and done some program activity and education support on the month of May 2018.
- Expectation of community people are very high towards the project intervention like; women's group, LCCHT and child club member are expect more support awareness activities to conduct in their community.
